

EO LOCATION GUIDE – BROOKLYN BRIDGE PARK/DUMBO

A BIT OF HISTORY

Brooklyn Bridge Park is an 85-acre (34 ha) park on the Brooklyn side of the East River, next to the Brooklyn Bridge. It is a world-class waterfront park with rolling hills, riverfront promenades, lush gardens, and spectacular city views.

From north to south, the park includes the preexisting Empire–Fulton Ferry and Main Street Parks; the historic Fulton Ferry Landing; and Piers 1–6, which contain various playgrounds and residential developments. The park also includes Empire Stores and the Tobacco Warehouse, two 19th-century structures, and is a part of the Brooklyn Waterfront Greenway, a series of parks and bike paths around Brooklyn.
